

## Love is in the Air

1. Valentine's Day has its history in two different Ancient Roman holidays. What do you remember about them?

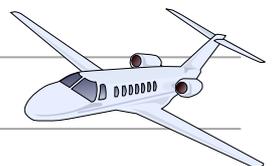

2. What does the Industrial Revolution have to do with Valentine's Day?

3. What was the rule at Amanda's old school about bringing Valentine's Day cards? Do you think it's a good rule? Why/why not?

4. Would you rather have your own private plane, or a private day at Disneyland? Why?

5. Work with a partner to brainstorm pros and cons of celebrating Valentine's Day. We've gotten you started.

**PROS**

- It's nice to have a day focused on and being grateful for those we love.
- 
- 
- 
- 

**CONS**

- We should be expressing our love and gratitude every day, not just once a year.
