

Refugees

1. Tick all the reasons that people are considered refugees

- They want a change of scenery from where they live.
- They're in danger because of their political opinions.
- They are being persecuted for their religion.
- They move for a new job.
- They flee war.
- They want to learn English.

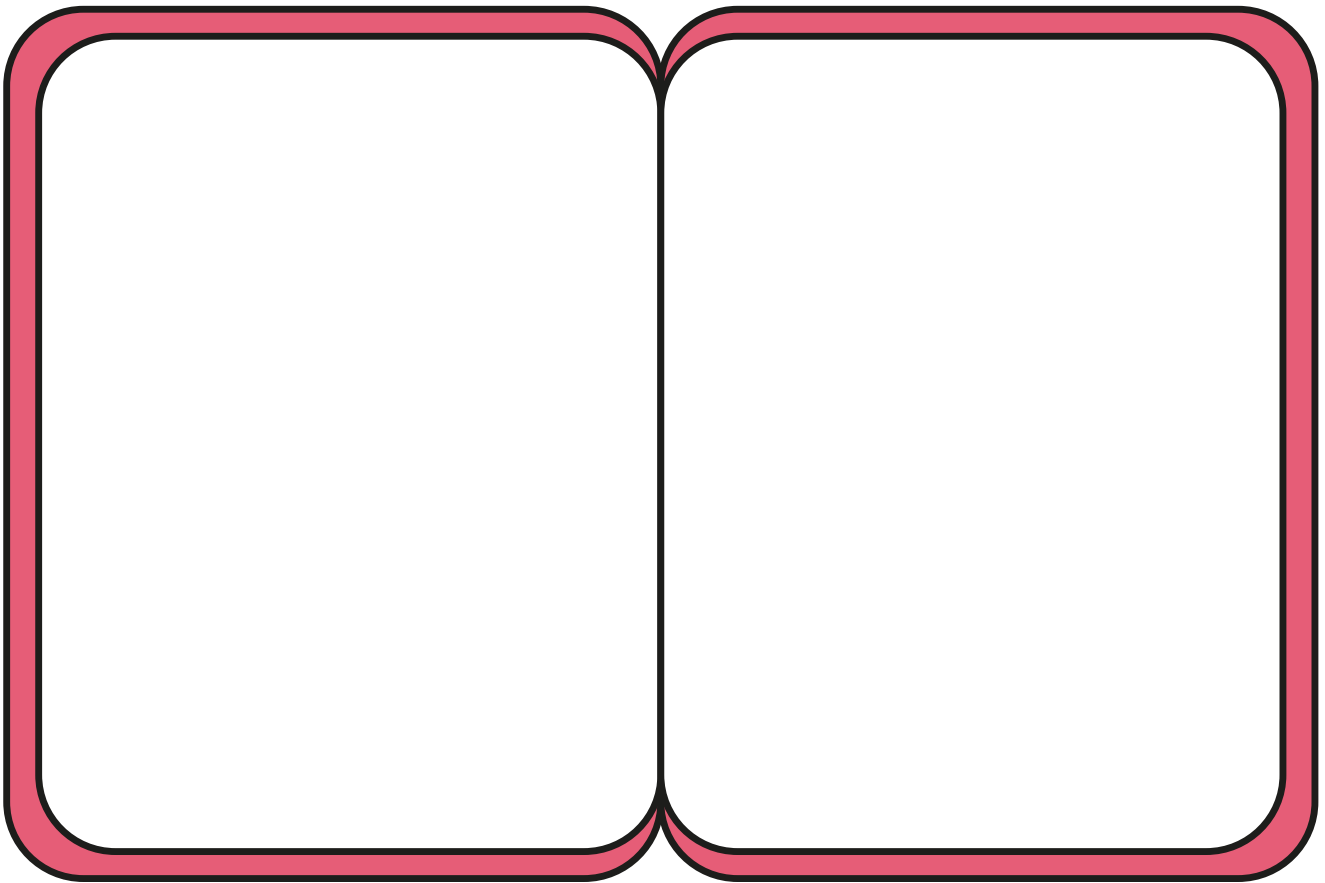

2. The quote below is from Ahn Do's book *The Little Refugee*, about his early years in Australia. If you could travel back in time and talk to the kids in Ahn's class, what would you say to them?

“ I tried hard at school because I knew that would make my parents happy, but I was really miserable. I couldn't speak English very well so I didn't understand my teacher. I had different food to the other kids and some of them laughed at me. I even looked different because I didn't have the right school uniform. Uniforms were expensive and my parents couldn't afford to buy the right one. ”

3. Imagine that you are a refugee, and you've just arrived in Australia. Write or draw a diary entry for the first day of your new Australian life.

4. In the podcast, we heard that over 40% of refugees are kids. What does that make you think? How does that make you feel?
