## ChatGPT

1. Read through these excerpts. One was written by Dr Seuss, and one by ChatGPT in response to this prompt: "Write a 100 word story in the style of Dr Seuss." Which one is which? Explain how you decided.

---

---

---

---

2) Underline the words that you think are typical of Dr Seuss.

A

In a land far from here,  
Where the sky was always clear,  
Lived a little mouse named Tim,  
Who dreamed of exploring on a whim.  
He packed his bag and set off one day,  
On a journey far, far away.  
He climbed over rocks and swam through  
streams,  
And sailed on a boat made of ice cream.  
He met new friends and saw new sights,  
And basked in the sun's warm, golden light.  
He learned so much on his big adventure,  
And came back feeling quite the inventor.  
From that day on, little Tim,  
Told everyone to go explore,  
For the world is vast and full of delights,  
Just waiting for you to explore more.

B

There once was a girl-bird named  
Gertrude Mc Fuzz,  
And she had the smallest plain-tail ever was  
One droppy-droop feather, that's all that she  
had  
And oh! That one feather made Gertrude so  
sad.  
For there was another young bird that she  
knew,  
A fancy young birdie named Lolla-Lee-Lou.  
And instead of one feather behind, she had  
two!  
Poor Gertrude, whenever she happened to spy  
Miss Lolla-Lee-Lou flying by in the sky  
She got very jealous. She frowned. And she  
pouted.  
Then one day she got awfully mad and she  
shouted:  
This just isn't fair! I have *one*! She has *two*! I  
MUST have a tail like Lolla-Lee-Lou!

3. ChatGPT is a language program—it's best at predicting which word should come next when answering a question. It does **not** search the internet for answers to your questions—it just learned from 2019 internet information how to predict language. Circle what you think ChatGPT would be good at doing.

Giving advice on which subjects to study in Year 12.

Writing an apology letter for rude behaviour at dinner.

Answering an essay question about Shakespeare.

Predicting which AFL, Super Netball, and NRL teams will win the 2023 premierships.

Explaining the causes of the Second World War.

Making a playlist for the school social.

4. If someone over 18 is willing to help you, type in these questions to ChatGPT and see what kind of answers you get. Were you correct?

5. Your friend tells you she's going to use ChatGPT to write her short story for English homework. What would you say to her?
