**TOYS AROUND
THE WORLD**

Toys Around the World

We learned in the podcast that traditional toys are made with local materials. What is there a lot of where you live? What kind of toy would you make from it? Draw your design here, and label it to show what each part is made of.

Explain a game you could play with your toy.

2. Imagine one of your toys came alive, *Toy Story* style. Write about it using descriptions of as many of your senses as you can.

3. Imagine you were stranded on a deserted island. You are allowed to have five things to play with. Draw them, and annotate your drawings explaining why you chose them. Don't forget, you won't have any power to charge anything.

A large, empty, rounded rectangular frame with a thick pink border, designed for a student to draw and write about their chosen items.
