

Recall and Understanding

Why are the US talking about banning TikTok?

Summarise the story for someone who did not hear today's podcast, using the word bank to fill in the gaps.

Word Bank

forced users ban ByteDance
digital information privacy China

Last week, the US government announced plans to _____ TikTok because there's a concern that the company that owns TikTok, _____, could be _____ to give the data of _____ to the government of _____.

In social media, users agree to let platforms track their online activities, leaving _____ footprints that can reveal private information.

It is important to check your _____ settings to make sure you only share the _____ that you want to.

What's a Digital Footprint?

Your digital footprint is the data you leave behind, every time you go online. It can be **active** - things you mean to share:

- comments
- posts
- videos
- photos

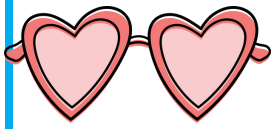

Or **passive** - things you didn't set out to share:

- location
- websites you've visited
- things you've bought or searched for
- your IP address

Get an adult to help you with privacy settings to make sure you only share what you want to.

or 2 points		Skip a Turn	for 3 points		Start Finish	
so 1 point					or 2 points	
and 1 point					so 1 point	
Move Ahead 2 Spaces						you 3 points
or 2 points	but 2 points					
3 points	2 points	1 point	Move Back 1 Space			
yet	but	and

FANBOYS Board Game

The Rules

1. Each player places their counter on the Start/Finish square. They also write their name on a scorecard.
2. Players take turns rolling the die and moving in an anticlockwise direction around the board.
3. When landing on a square, follow the directions or use the conjunction to make a **compound sentence**. Students can create their own sentence or use the **sentence starter cards** to help them.
4. If a player is successful, they win the number of points written in the square. If unsuccessful, they wait on that square until their next turn when they try again. If they are unsuccessful twice, they may roll and move on.
5. When a player is sent to another square, they must make a sentence with the word on that square on their **next** turn.
6. Players continue moving around the board until a player lands directly on the Start/Finish square. When one player lands on the Start/Finish square the game is over.
7. Players count up their points. The player with the most points wins.

You will need to provide: a counter or token for each player, a pencil to keep score and one six-sided die.
