

Recall and Understanding

What's happening with TikTok?

Use the pictures to remind yourself what today's *Lowdown* was about.

Use dot points to summarise the story. Remember to include **what** is happening, **where** it is happening, **who** is involved and **why** it is happening.

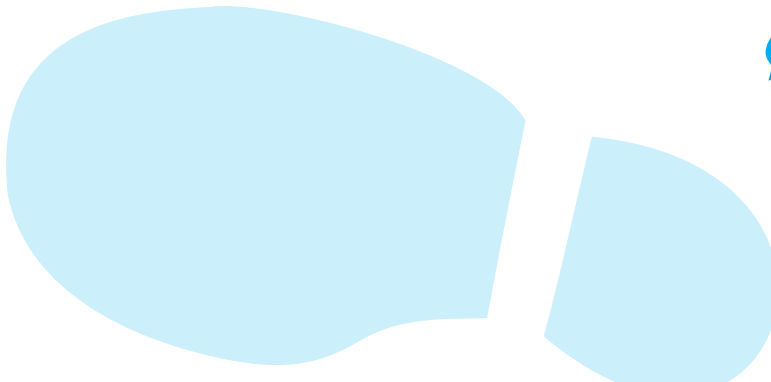

● *What:*

● *Where:*

● *Who:*

● *Why:*

Talk with a friend about what your digital footprint might look like. Fill in the footprint below with words that describe what data you might be leaving behind when you go online.

What's a Digital Footprint?

Your *digital footprint* is the data you leave behind, every time you go online.

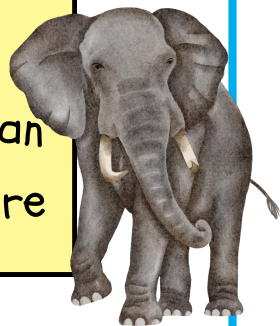

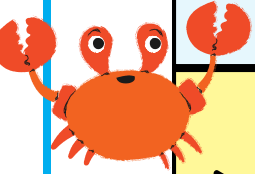

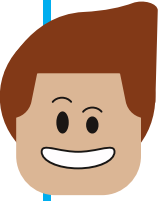

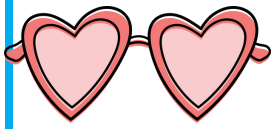

It can be **active** - things you mean to share:

- comments, posts, videos and photos

Or **passive** - things you didn't set out to share:

- location, websites you've visited, things you've bought or searched for and your IP address

Get an adult to help you with privacy settings to make sure you only share what you want to.

or 2 points		Skip a Turn	for 3 points		Start Finish
so 1 point	3 points		while 3 points		
yet 3 points		NEWS		Skip a Turn	
Move Ahead 2 Spaces		ZOO		3 points	
or 2 points	2 points		1 point		Go Back to an 'or' Square
3 points	but		and		
supposing that		but		and	

FANBOYS Plus Board Game

The Rules

1. Each player places their counter on the Start/Finish square. They also write their name on a scorecard.
2. Players take turns rolling the die and moving in an anticlockwise direction around the board.
3. When landing on a square, follow the directions or use the conjunction to make a **compound sentence**. **Players may use the sentence starter cards to help them, but receive a bonus point if they create their own complete sentence about a story from the podcast.**
4. If a player is successful, they win the number of points written in the square. If unsuccessful, they wait on that square until their next turn when they try again. If they are unsuccessful twice, they may roll and move on.
5. When a player is sent to another square, they must make a sentence with the word on that square on their **next** turn.
6. Players continue moving around the board until a player lands directly on the Start/Finish square. When one player lands on the Start/Finish square the game is over.
7. Players count up their points. The player with the most points wins.

You will need to provide: a counter or token for each player, a pencil to keep score and one six-sided die.

Sentence Starter Cards

The US government plans to
ban TikTok

The children helped to judge
the crab jokes

Elephants Pak Boon and
Tang Mo are leaving the zoo

My mum didn't know about
Taylor Swift's new album
release

A lot of people are playing
Roblox online
