

Recall and Understanding

What's happening with TikTok?

Look at the pictures, then write a four-sentence summary of today's *Lowdown*.

Was there anything that surprised you about this story?

What questions do you still have?

Do you think the government are right to be concerned? Why or why not?

What's a Digital Footprint?

Your digital footprint is the data you leave behind, every time you go online.

It can be **active** - things you mean to share:

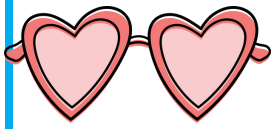

- comments, posts, videos and photos

Or **passive** - things you didn't set out to share:

- location, websites you've visited, things you've bought or searched for and your IP address

It's a good idea to check your privacy settings to make sure you only share what you want to.

in Order to 3 points		Skip a Turn	Who 2 points		Start Finish
whom 3 points	 NEWS 		as long as 2 points		
while 1 point		whose 2 points			
Move Ahead 2 Spaces		supposedly 3 points		Go Back to the Start	
which 2 points		although 2 points			before 1 point

Complex Conjunctions Board Game

The Rules

1. Each player places their counter on the Start/Finish square. They also write their name on a scorecard.
2. Players take turns rolling the die and moving in an anticlockwise direction around the board.
3. When landing on a square, follow the directions or use the conjunction to make a **complex sentence**. Players may use the sentence starter cards to help them, but receive a bonus point if they create their own complete sentence about a story from the podcast.
4. If a player is successful, they win the number of points written in the square. If unsuccessful, they wait on that square until their next turn when they try again. If they are unsuccessful twice, they may roll and move on.
5. When a player is sent to another square, they must make a sentence with the word on that square on their **next** turn.
6. Players continue moving around the board until a player lands directly on the Start/Finish square. When one player lands on the Start/Finish square the game is over.
7. Players count up their points. The player with the most points wins.

You will need to provide: a counter or token for each player, a pencil to keep score and one six-sided die.

Sentence Starter Cards

The US government plans to
ban TikTok

The town of Margate held a
crab joke competition

Elephants Pak Boon and
Tang Mo are leaving Taronga
Zoo

Her album topped the
music charts in the UK, US,
