

All About Islam

Write **three** questions for your classmates about Islam. They must be either inferential or opinion questions - not about basic facts!

1. _____

2. _____

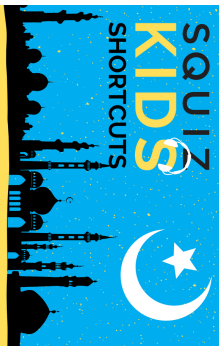

3. _____

Hajj pilgrims at the Kaaba in Mecca

Muslims make up about 2% of all Australians, meaning that they are in a minority. What other kinds of minorities exist in the Australian population?

What do you think are the positives of being in a minority? What are the potential negatives?

Using the website <https://worldpopulationreview.com/country-rankings/muslim-population-by-country>.

1. Colour in the countries that have a **majority Muslim population** in **red**.
2. Colour in the countries that have between a 10 and 50% percent Muslim population in **green**.
3. Colour the countries that have a 0-9% Muslim population in **blue**.
4. What do you notice? What surprises you? What questions do you have?
